## SPONSORSHIP PACKAGES 2007

The Austral Volleyball Club Inc was founded in 1972 and has a history of being a Volleyball SA State League, and teams we have registered in this competition include League Men and Women, League Reserve Men and Women, and Junior Men and Women.

Austral Volleyball Club has a policy directed at sustaining the highest level of achievement in our State League teams and to accomplish this we have maintained a very successful junior development program over several years. We are currently developing junior volleyballers from more than 10 schools, and from this pool of talented juniors we are constantly supplying representative players at State and National level.

The Austral Management Committee has an established organisational structure in place, together with effective policies, planning and strategies that not only maximise the success of our Club but are also recognised and envied by our peers in the SA State League.

The cost of developing the significant numbers of junior and senior players that we have and will continue to attract to the Club is enormous, but Austral is committed to the growth of the sport and maximising the potential of each player.

Sponsorship is one of the financial strategies we have implemented to enable Austral to maintain its training commitments, purchase required equipment and uniforms and provide suitably qualified coaches.

We would welcome your participation in our sponsorship program. Any funding that you may be able to provide would be of significant benefit both to Austral and your organisation.

- Business exposure through our regular newsletter, and on the club's website [www.australvolleyball.org.au](http://www.australvolleyball.org.au)
- Certificate of acknowledgment, presented to you to display in your place of business to promote your community involvement.
- Potential taxation benefits, depending on individual circumstances.
